Another Lyceum Attraction.

On next Wednesday, Nov. 19, A. W. Hawkes, known as the "laughing philosopher," will give his celebrated lecture, "Sunshine and Shadow" at the Marion opera house.

The press all over the country speak in admiration of this lecture. It is presented in a most amusing and pathetic manner and produces both laughter and tears.

Mr. Hawkes is a most graceful orator and entertaining, and it is a dull man or woman that he fails to charm.

The tickets will be on sale at the postoffice drug store Monday morning until time of the lecture.

The entertainment will begin promptly at 8:30 o'clock.

Rank-Schmidt.

Tuesday night at 8 o'clock at the home of the bride's sister, Mrs. W. R. Engleby, Miss Susie Rank, of Cumberland, Md., and Mr. P. H. Schmidt, of Elkins, W. V., were united in marriage, Rev. Howard Duill, of the Methodist church, officiating. Only two or three intimate friends witnessed the ceremony, which was kept a profound secret until the night of the marriage.

The bride has been in the city the guest of her sister, for about six weeks and Mr. Schmidt arrived on Tuesday to claim his bride. Three years ago Miss Rank spent the winter in this city and she has many friends here to offer to her their best wishes for a happy married life.

Mr. and Mrs. Schmidt will remain in Ocala with Mr. and Mrs. Engleby for a week, after which they will go to their future home in Elkins, W. Va.

Doings in Phosphate.

Mr. Thomas Sexton started at Hernando Tuesday a new phosphate plant for Messrs. Hiller and Ford. The plant is complete in all respects and will add very much to the holdings of these gentlemen.

The Austrian steamship Arlstein was cleared last week from Pensacola, by the Gulf Transit Company for Venice with 5000 tons of Tennessee phosphate rock and other cargo.

The Union Phosphate Company at Morrison, has resumed operations at its plant. The company has put in another dredge boat, and is extending its tramroads to other deposits of phosphate rock.

The following vessels cleared last week from Savannah, for the Continent with part cargoes of Florida high grade phosphate rock: Steamer Wartburg for Bremen with 1905 tons; steamer Warfield for Rotterdam with 1419 tons.

It is stated that Mr. Joseph Hull is enlarging and improving his extensive electric phosphate plant near Mulberry, in Polk county, which will when completed, have double the present capacity.

Major McLean is having a line of railroad put into the large phosphate deposit in Polk county, recently purchased from W. B. Swearingen preparatory to erecting machinery to mine phosphate. It is thought this is among the finest deposits of pebble in that section.

The Tallahassee Capital says the governor and his cabinet are so busy they did not have time to vote last Tuesday. The supreme court must have been too busy also.

Death of Mr. J. A. Rowell.

News reached this city yesterday announcing the death of Mr. John A. Rowell. He died at Bristol, Tenn., and his death was sudden and was a great shock to his family and friends.

Mr. Rowell was for a number of years a resident of this city. He conducted a large mercantile business, was vice president of the late Merchant's National Bank, owned an orange grove and other properties here.

After the freeze and bank failures he left Ocala and went to Cuba, where he resided until about eight months ago, when he returned to the states and at the time of his death was traveling for a Cincinnati shoe house.

His remains will be brought to Ocala and will arrive this afternoon over the Atlantic Coast Line. They will be met at the depot by the Knights of Pythias, of which order he was a member, and will be taken direct from the train to Greenwood cemetery for interment.

Mr. Rowell leaves a wife, who was formerly Miss Maggie Birdsey, of this city, and three children, besides a large number of relatives and friends to mourn his death.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St. Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles.
